BUSINESS COLLEGES

It Takes Time, Vision and Idealism!

No one should be persuaded into believing that a school of mushroom growth can offer the student the fine, finished, dependable, effective service available in a school whose growth has been steady over a long period of years.

The **DOMINION** has never been conducted as a commercial business—but as an educational institution. It is ethical in all its principles, and enjoys the respect not only of the business community but of orthodox educators as well.

A **DOMINION** diploma is accepted as definite evidence of thorough preparation for business employment.

Fully approved by the National Association of Accredited Commercial Schools.

IRON WORKS

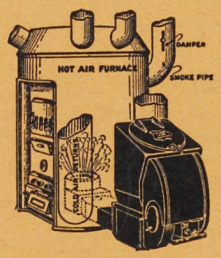
VULCAN IRON WORKS LIMITED

WINNIPEG MANITOBA

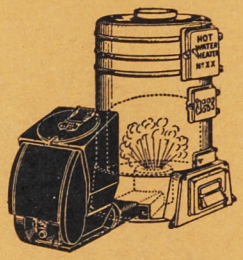
ESTD. 1874

THE AUTOMATIC STOKER

MODERN SOCIAL STANDARDS demand the elimination of CHORES of providing HOME HEAT. The increasing EXPENSE of same also demands that maximum COMFORT be obtained at a MINIMUM COST.



DRESS and HEALTH also demand THAT THE DESIRED INTENSITY OF HEAT be maintained evenly in the home without having to take into account the daily or seasonal variations in outside temperature.

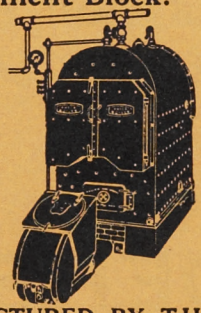


All can be obtained by installing the AUTOMATIC STOKER as illustrated here and manufactured by the VULCAN IRON WORKS LIMITED in Winnipeg.

Further: if your heating system is sluggish or too small, the AUTOMATIC STOKER will also improve this.

There is an AUTOMATIC STOKER for every class of heating—HOT-AIR, HOT WATER or STEAM BOILER—for the smallest home or the largest Apartment Block.

QUICKLY INSTALLED AT ANY SEASON



MADE IN WINNIPEG BY WINNIPEG LABOR

OTHER PRODUCTS MANUFACTURED BY THE VULCAN IRON WORKS LIMITED ARE:—BOILERS, TANKS, SMOKE STACKS, STRUCTURAL STEEL, STAIRS AND FIRE ESCAPES, ELEVATING MACHINERY. MINING EQUIPMENT: CAGES, SKIPS, CARS, ORE BUCKETS, GRINDING BALLS. GRAIN ELEVATING MACHINERY, GRAIN DUMPS. CASTINGS IN IRON AND STEEL AND ALLOYS

Introductory

The present volume for the year 1941 is the sixty-third edition of Henderson's Directory of Winnipeg, the first being published in 1878.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 266 to 280 and contains data concerning City, Provincial and Federal Government offices, commercial organizations and military organizations.

THE STREET AND AVENUE GUIDE gives the names of all streets and avenues arranged alphabetically, showing the location, number on the street and name of the occupant. The intersecting streets are shown in the order that they come.

The BUYERS GUIDE occupies pages 1 to 36. This section of the Directory, printed on colored paper, includes numerous advertisements of the leading manufacturing, business and professional interests. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. The need for this kind of information readily at hand is very great and the general appreciation of this need is evidenced by the liberal patronage the City Directory enjoys in many and varied lines of trade.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations commences on page 521.

THE CLASSIFIED BUSINESS DIRECTORY at the back of the Book exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING WINNIPEG

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the directory in the directory libraries where they are readily available for reference use by the public. There they serve as perpetual advertisements of Winnipeg, for business men the country over realize that the City Directory represents the community as it really is.

POPULATION GREATER WINNIPEG 318,724

The Directory estimate of population is based on the actual number of individuals' names in the Alphabetical section of the Directory, with due allowance for children and for women whose names are not listed. The Winnipeg Directory covers considerable territory beyond but tributary to the city limits, which is canvassed in order that the names of all people employed or who purchase in Winnipeg may be obtained.

Respectfully, The Publishers,

HENDERSON DIRECTORIES LIMITED.

January, 1941.

PUBLISHERS' NOTE

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

City of Winnipeg

City Seal

The above is a fac-simile of the City Seal, adopted by Council June 1st, 1874, the motto of which is "Commerce, Prudence, Industry." The significance of the emblazonry thereon may be described as follows:

The Buffalo, the hardy, fearless, nomadic monarch of the plains, who had original possession and held sway where the City of Winnipeg now stands.

The Engine, the civilizing mechanism of man's ingenuity, displaced the buffalo, was the forerunner of prosperity, and is the means of social and commercial communication which the City enjoys with the world.

The Sheaves of Grain represent the source from which the prosperity of this City emanated and are emblematic of our City as the Gateway of the Golden West and as the greatest grain centre in the world.

The City of Winnipeg is the capital of the Province of Manitoba, Canada.

The name WINNIPEG has the origin in the Indian Cree name given to the lake 40 miles north, meaning "Win," muddy; nipee," water.

Winnipeg is situated in Latitude 49° 54′ N., Longitude 97° 08′ W., at the confluence of the Red and Assiniboine Rivers; 40 miles south of Lake Winnipeg and 60 miles north of the boundary lines between Canada and the United States of America, almost midway between the Atlantic and Pacific Oceans and at an altitude of 760 feet above the seaboard level of New York.

From a Hudson's Bay trading post (Fort Garry) in 1870, with a population of 215, Winnipeg has grown to the size and finish of a first-class city of 315,000 people. When the city was incorporated in 1873 there were 1,869 inhabitants. In 1878 steam railway connection from St. Paul, Minn., had reached a point just across the river from Winnipeg, and in 1886 railway communication was established over the Canadian Pacific Railway from the East. With the advent of railway connections a steady stream of travel and trade with influx of population was started and has resulted in the building up of a city of a size and importance that is exceeded by only two cities in the Dominion of Canada.

Winnipeg is now the greatest grain centre on the American continent, and the financial ,commercial, wholesale and manufacturing centre of the middle west; owing to its geographical position, its very complete railway facilities, with branches reaching out in every direction, it affords great possibilities for trade in the provinces and the Northwest and an inducement for the establishment of manufacturing and other industries. In addition to the many other advantages Winnipeg suplies, through its Municipal Hydro Electric system, the cheapest electric power of any city in America. The new soft water supply is adequate for the needs of a city of one million inhabitants.

The Council is composed of a Mayor and eighteen aldermen. The Mayor is elected every two years from a vote of the entire City. Three aldermen are elected annually from each of the three wards into which the City is divided and hold office for a term of two years. By provisions of the Winnipeg Charter only those persons whose names appear on the last revised list of electors, and who are natural born or naturalized subjects of His Majesty and of the full age of 21 years, able to read and write, who are resident within the City, and who have such other qualifications as the Council may fix by by-law and are not subject to any disqualification under the Charter, shall be eligible for election as Mayor or Alderman.

Winnipeg has 70 public schools, with an attendance of over 40,000; 6 colleges; the Provincial Agricultural College, built at a cost of $4,000,000; the University of Manitoba; art gallery; bureau of arts and arts museum; permanent exposition of products manufactured in the city; 3 libraries with 35 branches.

The Public Schools are under the control and supervision of the Board of School Trustees, composed of fifteen members, five for each of the three wards.

The Police Department is administered by a Board of Police Commissioners, which consists of the Mayor, the Senior County Court Judge, the Police Magistrate and two members of the City Council appointed annually.

PUBLIC PARKS

There are 45 public parks and squares in Winnipeg, with a total area of 1,045 acres. These, with the exception of Assiniboine, Kildonan, St. Vital and Wildwood Parks, and the two Golf Courses, are located within the city limits, or close thereto, so as to afford open-air space and recreation grounds easily accessible to the citizens.

The Public Parks of the City are placed under the control and supervision of a Public Parks Board, composed of the Mayor, seven other members of the City Council, and also six ratepayers appointed by the Council. For the purpose of providing for the expenditures required for park purposes, the City is empowered to levy a special annual rate not exceeding one mill on the dollar upon the assessed value of all the rateable property in the City, such rate to be called "The Park Fund Rate."

HUDSON'S BAY COMPANY HISTORICAL EXHIBIT

The Historical Exhibit of the Hudson's Bay Company's Store on Portage Avenue is one of the finest private collections of Western and Arctic material in Canada. The visitor, on entering, comes upon a moving exhibit—a series of cut-out figures passing slowly in review behind a small aperture.

First comes an English courtier of 1670, next a sailor of the period, then a fur-trader, then an Indian with a beaver skin, and so on, passing through the strife and union with the North West Co., Simpson's regime, and the surrender of the West, up to the final scene which depicts a modern H B C store delivery truck with a uniformed messenger bringing in a parcel. Thus in eighty seconds is told in synoptic form the history of the past 269 Years.

This exhibit stands at the entrance so that the visitor is presented with a short summary of what he is going to see. From there he passes into the main body of the room which is divided into sections:—

The first section, Founding is necessarily limited in the main to pictures, maps, and documents. But there is also a fine model of the "Nonsuch" ketch of 1668, and the case of raw furs; and a mounted beaver to illustrate the reason why the Company was formed.

The second section deals with the early forts on Hudson's Bay, and depicts the struggles with the French, as well as the first explorations into the interior. This era is terminated by the case of trade goods referred to above. After that comes the North West Co. section, then the Selkirk Settlement, and then union with the North West Co. and the regime of Sir George Simpson.

This begins the fifty-year period of expansion, during which the Company rose to its greatest power, and the story widens out into the vast territorial divisions where it explored and traded and ruled. There are the Pacific Coast, Mackenzie Area, Arctic and Labrador, and Plains sections, and together they illustrate the epic tale of the peaceful penetration of half a continent by men of the Hudson's Bay Company.

Native handicrafts here occupy a good deal of the display space, to provide the necessary attraction and interest. But interspersed among them are articles of trade, showing how beads were substituted for porcupine quills, cloth for buckskin, thread for sinew, and metal weapons and utensils and ornaments for those of stone and bone and ivory.

The Plains section is naturally the most colourful, with its displays of brilliant beadwork, and an especially striking note has been added by the erection of a twelve-foot Stoney teepee in one corner. This is backed by a unique buffalo robe, worn by the famous Blackfoot chief, Crowfoot, and given by him as a wedding present to Chief Trader Hardisty in 1866.

From then on, the story becomes essentially one of life among men of the Great Company. At the start of this section there is a diorama—the only one of its kind in Canada—of the H B C Brigade leaving Fort Vancouver for the Company's post at Yerba Buena, where San Francisco is now. There is a large section devoted to Transportation, including a dozen ship models, both sail and steam, a birch bark canoe, a dog cariole, and the nameboard from the S.S. "Beaver," first steamship on the Pacific Ocean; while innumerable pictures show the various methods of transportation ,past and present, by water, land, and air.

Next comes Life in the Posts, with a case of utensils, one of books, one of documents, one of small arms, and one of long arms. The geographical range covered by this section is immense. For instance, there is a lock and key from a post in Labrador, and a bell from a post in Alaska; a letter from Sir James Douglas at Fort Victoria, and a ledger from York Factory; a buffalo gun from the Plains, and a broadsword from Fort Nisqually.

There follows the After 1870 section, illustrating the transfer of the jurisdiction of the Northwest to the newly-formed Dominion of Canada, the consequent troubles with Riel and his halfbreeds, and the ensuing Government treaties with the Indians, in which H B C men acted as the indispensable go-betweens and peacemakers.

In the 20th century section there are fine colour photographs of the ceremony at Fort Garry Gate, whereby the Company paid its rent of "two elk heads and two black beaver pelts" as laid down in the Royal Charter, to King George V1 in 1939.

The last exhibit of all is a replica of a northern trading store. This little store acts as a display window for the larger stocks on the lower floors of the building.

Thus the concluding exhibit not only illustrates the basis of all the Company's far-flung operations, but also strikes a final note of life and activity, very different from the air of death and stagnation so often associated with the old-style museum.

Streets and Avenues
1941

This section is presented in condensed form. Full information will be found in the Alphabetical Directory.

AVENUES all run East and West and are numbered under 200 East of Main Street, Main to Princess 200 to 300, West of Princess 300 and upwards.

STREETS running North and South are numbered from the Assiniboine River as a base Northwards, and again from Notre Dame as a base Northwards.

The word "street" is always implied.

NOTICE

✦ The Symbol following the residence name, indicates that to the best of our knowledge someone living in the house is the owner.

❖ This Symbol indicates that a telephone is located at this number on the street.

This new Home Owners, Tenants and Phone Directory is compiled from information taken on a special house-to-house personal canvass. We do not guarantee to be absolutely correct in every detail, but we believe it to be very accurate and complete, as far as it has been possible for us to get the information personally from someone at each residence. Where occupants have been absent, the "owner" information has been left out.
